New clients entered our Pets for Life program

LifeLineAnimal.org

LifeLine Animal Project is proud of its lifesaving impact as a leader in building a community that rallies around the animals in our city. Through managing the DeKalb and Fulton County animal shelters, implementing lifesaving programs in the shelters and community, and serving as the largest provider of spay/neuter resources in the area, LifeLine has made great strides in ending unnecessary shelter euthanasia. With the support of our community, we can ensure that Atlanta becomes a lifesaving city.

Over 39,000

Animals cared for
in our shelters, clinics
and community

69,000 Volunteer Hours
in 2018

We need your help!

- Donate to support lifesaving programs
- Adopt your next pet from a shelter
- Volunteer to socialize cats, walk dogs or become a foster parent
- Spay and neuter your pets

Are you in?

Let's save lives together
