

A DECADE OF TRANSFORMATION

Over the last decade, LifeLine has ushered in a new model of lifesaving focused on keeping pets and people together. A lot has changed in animal welfare since we took over managing the Fulton and DeKalb county shelters in 2013. During our tenure, new shelter facilities opened in both counties, the lifesaving rates substantially increased, and more lives were saved through innovative outreach programs and efforts.

Lives Saved in 2023

16,834 animals entered the shelters, which is the most since 2019.

Even still, LifeLine maintained an overall lifesaving rate of

89.1%

2,032

pets were transferred to external rescue partners for the next step of their journey to a home.

1,808

pets from the Fulton and DeKalb County shelters went to our Community Animal Center.

6,837
pets helped

Mobile Vet
Services
(NEW offering!)
50 pets

Healthy Pets Events
3,327
pets received free exams, vaccines,
microchips, and spay/neuter
vouchers at our four annual events

1,878
pets reunited with
their owners

Community cats
are thriving where they
belong.

Over **3,000**
cats were Trapped-Neutered-
Returned (TNR) to their
community homes

Healthy Pets | ACCESSIBLE LOW-COST VETERINARY CARE IN 2023

Over **10,000**
spay/neuter clinic surgeries
for community cats and pets

9,983
appointments at our
Community Animal Center

LifeLine strives to make pet
care affordable. Our clinic
prices are **25–75% lower**
than the average veterinarian.

TOTAL LIFELINE IMPACT IN 2023

43,017
animals helped in our
shelters, community
and clinics

LifeLine underwrote nearly
\$500,000
of support for
county shelters

\$830,000
LifeLine covered in
emergency care
for shelter pets

\$443,000
invested in the
Pets for Life program to
keep people and pets
together

91 cents of every dollar donated
to LifeLine directly supports
animal care programs.

With your support, we can continue providing meaningful services to people
and pets who need us most for years to come.
